Dane County Chief's Meeting on September 14<sup>th</sup> at Fitchburg Fire Station #1.

**Old Business:**

Land for station addition. SJ met with Pat from Strand Engineering about engineering plan for driveway/parking addition. According to Pat the retention pond issue should not be a problem as the square footage needed is too small to require a retention pond. Motion be RE to have Strand Engineering produce an engineering plan. 2<sup>nd</sup> by BB. Discussion – Scott Jelle might get an estimate to share via email. If under \$10k we approve. If over \$10k we revisit. Motion carried.

Budget information will be emailed to RE when ready. Still needs prices on bunkers and coats from 3 vendors. Will have special meeting on September 19<sup>th</sup> for budget discussion at 7:30pm.

**New Business:**

The Department will have a training event burning down a special “doll house” after the meeting. Board is welcome to observe.

Village Administrator Bryan Gadow had citizens contact him about the fire siren. Discussed the issue. Determined that as a backup notifier it is still valuable. Updating the siren would cost at least \$30k. Green County would have to change the siren so it does not go off at night.

**Next NGRFD Regular Meeting Date: October 10, 2016** New Glarus Fire House.
