Wake Up Call: This is a life-sized exhibit of a teen's bedroom with more than 20 "red flags" that can signal drug or alcohol use. The bedroom identifies spots where teens may hide drugs, household items that can be used as drug paraphernalia and ways teens try to cover up drug and alcohol use. Our goal is to educate parents and other adults who are influential in the lives of youth so they know what seemingly innocent items can actually be an indication of substance abuse.
