As much as we dislike closing the pool, sometimes we must if weather or low attendance dictates the situation. The following conditions will result in closing the pool:

- On deck temperature of 65 degrees or less and/or inclement weather is forecasted.
- If above 65 degrees, but less than 10 people are swimming from 1-2 pm, the pool will close until 5 pm. At 5 pm the pool will re-open.

## OPERATIONAL PROCEDURES

Our pool staff is committed to providing a safe and enjoyable experience to everyone using the pool facilities. In order to ensure the safety of all users, a few procedures have been implemented:

- Children requiring diapers must wear “Little Swimmers”.
- Children aged 7 and under must be accompanied by an adult.
- Persons with infectious or contagious conditions will be refused admission.
- Swimwear (not street clothes) must be worn in the pool.
- Alcohol/Tobacco is Prohibited
- No life vests or floatation devices allowed
  - Patrons are not allowed to wear life jackets or bring in personal floatation devices (PFDs) at any time. Flotation devices can provide a false sense of security, discourage parents from watching their kids and make it harder for lifeguards to do their jobs. We want to teach water acclimation and water safety and teaching people how to be comfortable in the water and how to swim, not be reliant on these devices.
